

Gentlemen,

As residents of Durango, La Plata County, Colorado, we would like to receive the Denver local network TV stations. We currently receive local TV stations from New Mexico and they are of no interest or benefit to us as residents of Colorado. In an election year, we are not part of the campaign messages and issues affecting our State. Also we do not receive information pertaining to State matters that affect us as residents. Additionally we do not drive to New Mexico in response to local advertising. We prefer to spend in our State to support our merchants and put tax dollars in our Treasury. We have no problem travelling to Denver as we prefer what Denver offers over Albuquerque.

Thank you for your attention to this matter.

Ed Rosenthal, Judy Rosenthal
